*General Orders by the Most Noble the Governor General of India in Council.*

*Fort William, 10th June, 1853.*

No. 489 of 1853.—With the sanction of the Honorable the Court of Directors, as communicated in their Military Letters to the Government of the Presidency of Fort William in Bengal No. 1262 of the 20th October, 1852, and No. 49 of the 20th April, 1853, para. 14, all existing orders as far as they relate to the withdrawal of Officers from their Regiments for Staff, Civil, or Military or other detached employ, are hereby cancelled, and the following rules, applicable to the three Presidencies, are substituted:

1. No Officer can be appointed to a situation on the General Staff, or to any other detached employment, Military or Civil, (except that of an Aide-de-Camp,) until he shall have performed three years' Regimental duty with a corps of the line.

2. An Officer may hold the situation of Aide-de-Camp after having served one year with his Regiment; but the period passed in that situation, except when employed on Field service, is not to be counted in the Regimental duty above prescribed.

3. No Officer is eligible to hold the situation of Adjutant General, Quarter Master General, Military Auditor General, or Commissary General, who has not previously attained the rank of Major in the Army, unless he shall have actually served twenty years in India. The Deputy in those Departments must have attained the rank of Captain in the Army, or have served twelve years in India, and the Assistants, if they have not attained the rank of Captain, must have served ten years in India. No Commissioned Officer is eligible to an appointment in the Ordnance Commissariat Department until five complete years from his first joining the Army. The situation of Deputy Principal Commissary of Ordnance may be held by a Regimental Field Officer or by a Captain if he be actually serving in the Department; but no Officer under the degree of a Field Officer in the Army can be appointed Principal Commissary of Ordnance.

4. No Officer can be appointed to the Department of the Quarter Master General of the Army until he shall have passed an examination in surveying and plan-drawing.

5. No Officer can be appointed to the Commissariat Department until he shall have passed the examination in the Native language, Persian,

ed for Interpreters, as well as the prescribed Departmental examinations.

6. No Officer who has entered the Service since the 9th January, 1837, can be appointed to any Staff situation, or to any other detached employment, Military or Civil, until he shall have passed the prescribed examination in Hindoostanee.

7. No more than six Officers, including Field Officers, Centurios, and Subalterns, can be permanently withdrawn for Staff or detached employ, from any Regiment of Native Cavalry or Infantry; but a seventh may be taken in cases of great emergency, with the sanction of Government: of these numbers, however, no more than three can be of the rank of Regimental Captain.

8. As a general rule, when three Captains are absent from a corps, all on permanent employ, and a Subaltern of the same corps, holding also a permanent detached appointment to which he is eligible both as Subaltern and Captain, is promoted to Regimental Captain, the Officer so promoted shall be required to vacate his appointment; but if one or more of the three Captains withdrawn be Officiating only, the Subaltern promoted will retain his appointment, and the Captain last withdrawn for an Officiating appointment shall rejoin his Regiment. It is, however, optional with Government to retain, on public grounds, the services of the Subaltern promoted, notwithstanding the number of absent Captains may exceed the limit of three.

9. Officers unequal for a limited period to the performance of Regimental duty from wounds received on service, may be appointed to Staff and detachments, without reference to the number absent from the corps to which they belong; but this rule is not to be considered as sanctioning any permanent increase of withdrawals for Staff employ from the Regiments of such Officers, the number allowed from them being, as from all other corps, limited to six, to which it is to be reduced as situations lapse.

10. A Staff situation which can be held only by an Officer whose Regiment is serving at the station, or forming part of the garrison to which the appointment appertains; and any vacancy occasioned by the absence of the permanent incumbent for a short period, may, on an emergency, be filled up by the nomination of an Officer on the spot, without reference to the number of permanent absentees; provided the Commander-in-Chief is of opinion that he can be spared from Regimental duty; but an Officer so nominated, if not before relieved, must return to Regimental duty on his corps marching from the Station or Garrison in which he is so temporarily employed on the Staff.

### NOTICE.

With reference to the draft of a proposed Act, which was read in Council for the first time on the 14th May, 1853, entitled "*An Act for the management of the Post Office and for the regulation of the Duties of Postage*," Messrs. R. C. Lepage and Co. have much satisfaction in referring their constituents and the Indian Public to CLAUSE 12, which provides for the circulation of Books, Pamphlets, &c., packed in prescribed form.

R. C. Lepage and Co. would take this opportunity to draw the particular attention of all those interested in the *Quarterly Army List*, published by them for the benefit of the Military Orphan Society, to the fact that after the Act becomes law, the subscription to that publication will be as follows:

ANNUAL SUBSCRIPTION, TO INCLUDE POSTAGE TO ANY PART OF INDIA, PAYABLE IN ADVANCE, TWELVE RUPEES EIGHT ANNAS.

R. C. L. and Co. would, however, wish it to be generally known that to ensure this advantageous rate to subscribers it will be necessary for them [R. C. L. & Co.] to prepay the postage on every copy despatched, and that should the subscription including postage not be remitted when due in advance, copies will be forwarded to all such parties bearing postage under the bangle postage scale of charges by weight and distance.

R. C. L. and Co. have much pleasure in stating that the circulation of the *Army List* from its commencement in 1849 (with the drawback of the postal restrictions) has been of the most encouraging kind, and as it may be reasonably anticipated that a large number who have hitherto withheld their support will enrol themselves as subscribers, R. C. L. and Co. will be glad to receive intimation of the same at an early date, in order to provide against disappointment, by printing such a number of each impression as will supply all requirements.

The whole impression of No. 16 for January last, was disposed of, and of No. 17 for April last, only a few copies remain unsold.

SATURDAY, JUNE 18, 1853.

Fort William, Home Department, Legislative,  
The 10th June, 1853.

The following Extract from the Proceedings of the Governor General of India in Council, in the Legislative branch of the Home Department, under date the 10th June, 1853, is published for general information.

Read a second time the Draft of a proposed Act, dated the 5th November, 1852, and published in the *Calcutta Gazette* of the 10th November 1852, for the amendment of Procedure in cases of appeal to the Sudder Courts in the Presidency of Fort William in Bengal.

*Resolution.*—The Governor General in Council resolves that the following revised Draft on the subject be published for general information:

Act No. — of 1853.

*An Act for the amendment of Procedure in cases of appeal to the Sudder Courts in the Presidency of Fort William in Bengal.*

WHEREAS it is desirable to simplify and shorten the procedure and modes of pleading in regular appeals to the Courts of Sudder Dewanny Adawlut in the said Presidency; It is enacted as follows:

I. Act IV. 1850 and Sections II., III. and IV. Act XXX. 1850, are hereby repealed, except as to appeals presented before the passing of this Act.

II. Every petition of regular appeal in a case appealable to the Sudder Court shall be presented to the Court in which the decision was passed within six weeks from the day of the decision; unless the Sudder Court shall upon sufficient cause shown, extend the time for presenting such appeal. Such petition of appeal shall contain only notice that the party, being dissatisfied with the judgment, is desirous of appealing from it, except in cases of petitions under Section XIII. of this Act.

III. On presentation of a petition of regular appeal to the Court, in which the decision was passed, notice thereof to the respondent, as well as a proclamation to the same effect, shall immediately issue from that Court. If the notice cannot be personally served, the proclamation shall at once be fixed upon the door of the respondent's dwelling-house, or in some conspicuous place in the village where he usually resides; or in cases in which the respondent may not have a fixed

residence within the jurisdiction of the Company's Courts, the proclamation may be fixed upon the door of his house of business or entcherry, or the notice may be served on his known local Agent. In case the proclamation cannot be fixed or served in the manner abovementioned, it shall be affixed in the Court House of the said last mentioned Court, and also in such other place, if any, as the said last mentioned Court shall direct. The nazir shall return the order of notice or proclamation with an endorsement, stating at what times and places it may have been served or fixed up. The return of the nazir is to be filed in Court, and to form a part of the record of the trial.

IV. The Rule Section XI. Regulation VI. 1793, which directs copies of all original papers transmitted to the Sudder Dewanny Adawlut with the record of an appealed case to be made out and deposited in the Court in lieu of the originals, is hereby modified, and it shall be necessary to copy only the exhibits and any papers of importance which either of the parties may specify, including the pleadings, or any parts of them which may be desired by either of the parties.

V. The appeal record shall be certified to the Sudder Dewanny Adawlut as soon as conveniently may be after the presentation of the petition of appeal.

VI. On arrival of the appeal record at the Sudder Court, notice shall be affixed in the Court-house of the Sudder Dewanny Adawlut, or given in such form and manner as that Court shall order by a Rule to be framed under Section II. Act XVII. 1841, requiring the appellant to file within four weeks from the date thereof his grounds of objection to the decision of the Court below. Within the said space of four weeks the appellant shall file in the Court of Sudder Dewanny Adawlut his grounds of objection to the decision. Such grounds of objection shall be stated distinctly and concisely without any argument or narrative of facts; they shall be numbered consecutively, and shall be on paper, bearing the stamp duty prescribed by Article 9, Schedule B., Regulation X. 1829. On failure to file the grounds of objection within the said space of four weeks, the appeal shall be dismissed, unless the appellant shall show reasonable cause to the satisfaction of the Court for his default, in which case the Court may allow him to file his grounds of objection within such further time as

the Court may order. A separate paper, containing detailed reasons in support of the grounds of objection may, at the option of the appellant, be filed on plain paper within the said period of four weeks, or such further time if any as may be allowed by the Court for filing the grounds of objection.

VII. On the filing of the grounds of objection by the appellant, notice shall be given to the respondent, in the manner prescribed by the preceding Section of this Act, requiring him to file his grounds of objection, if any, to the decision within four weeks from the date of such notice, and any grounds of objection to the decision whether involved in the appeal or in the objections filed by the appellant or not, may be filed by the respondent within the said space of four weeks, or within such further time as the Sudder Court may allow for that purpose upon reasonable cause shown to the satisfaction of the Court for such extension of time.

VIII. At the expiration of such last mentioned space of four weeks, or of such extended time as may be allowed by the Court as last aforesaid, the record shall be considered complete, and the case ready for hearing. The grounds of objection, if any, which shall be filed by the respondent, shall be stated distinctly and concisely, without any argument or narrative of facts; they shall be numbered consecutively, and shall be on paper, bearing the stamp duty prescribed by Article 9, Schedule B., Regulation X. 1829.

IX. If any of the grounds of objection filed by the respondent shall not be involved in the appeal, or the grounds filed by the appellant, but would be the ground of a separate petition of appeal by the respondent, such grounds of objection shall be on paper, bearing, in addition to the stamp abovementioned, the stamp which would have been required on a separate petition of appeal filed by the respondent, unless the respondent shall have presented a separate petition of appeal in the case; Provided that, if the suit in appeal be referred back for further investigation and decision, without a judgment on the merits of the case, the last mentioned stamp duty paid by the respondent shall be returned to him in the same manner as if such stamp duty had been paid on a separate petition of appeal.

X. A separate paper, containing detailed reasons in support of the grounds of appeal filed by the respondent or in answer to the detailed reasons, if any, filed by the appellant, may at the option of the respondent, be filed on plain paper within the period of four weeks allowed for filing the respondent's objections, or within such further time as may be allowed by the Court for filing such objections.

XI. Either party may, by leave of the Sudder Court or any Judge thereof at any time before the hearing, amend his grounds of appeal, or add grounds of appeal to those filed, upon such terms and conditions, and within such time as the said Court or Judge may order. The said Court may also, upon the hearing of any appeal, allow either party to amend his grounds of objection, or to add further grounds, or to urge and be heard by himself or his vakeel, in support of any objection to the decision not included in his grounds of objection upon such terms and conditions as to postponement of the cause, and as to the payment of costs or otherwise, as the Court may think just, to prevent the opposite party or his vakeel from being taken by surprise or otherwise. Without

such leave of the Court neither party shall be allowed to urge or be heard in support of any objection not included in his grounds of objection filed. But the Court shall not be confined to such grounds of objection on deciding the cause.

XII. If the grounds of objection filed by the appellant, and respondent shall be upon points of law only, and shall not raise any question of fact, the Sudder Court, upon application on behalf of either party, may fix a day for the hearing and decision of the appeal, without regard to the place in which it may stand in the general list of appeals pending in the Court.

XIII. Appeals by paupers shall be preferred in all respects as heretofore; except that the distinct grounds of objection to the decision of the Court below, shall be stated in the manner abovementioned, and written on plain paper, and presented within four weeks from the date of permission to appeal as a pauper. If detailed reasons for preferring the appeal be also presented, they shall be presented within the same four weeks.

XIV. If an appeal be preferred upon points of law only, without disputing any of the facts found by the judgment of the Lower Court, the appellant may give notice of his intention to appeal upon points of law only, without specifying the points in his petition, and such notice shall bar him from any appeal upon the facts. If the appellant, in an appeal under this Section, shall intend to appeal against the construction put upon any document in the Court below, he shall give notice of such intention, in his petition of appeal, in order that the document may be forwarded to the Sudder Dewanny Adawlut, and unless such notice be given the appellant shall not be at liberty to controvert the legal construction put upon such document in the Court below. The petition of appeal, however, shall merely give notice of the intention, but need not specify the objections to the construction put upon the document. An appeal under this Section shall be specially certified to the Sudder Dewanny Adawlut as an appeal of Law only. In such appeal, it shall not be necessary to forward to the Sudder Dewanny Adawlut any part of the record in the Lower Court, except the decrees of the Court and the nazir's return to the order for notice or proclamation of appeal, and any document of which the appellant may, in his petition of appeal, give notice of his intention to dispute the legal construction as abovementioned. In cases under this Section the respondent shall be bound to make appearance in the Sudder Dewanny Adawlut within six weeks from the serving of notice, or the affixing of the proclamation of appeal in the manner provided by Section III. of this Act. At the expiration of the said space of six weeks, the Sudder Dewanny Adawlut shall fix such day as it may deem proper for the hearing and decision of the appeal upon objections of Law to be laid before it, without regard to the place in which it may stand in the general list of appeals pending in the Court; and the Court shall also fix a day for the parties to bring in and file their grounds of objection.

XV. If upon an appeal preferred upon points of law only, the respondent shall file grounds of objection, raising any question of fact, the Court may hear the appeal upon the questions of law, in the first instance, in the manner pointed out in the last preceding Section, and if their decision of the case upon the points of law, shall render it necessary to determine the objections on matters of fact,

they shall send for the remainder of the record, and the case shall be set down for hearing in the list of regular appeals for decision upon objections on matters of fact, and shall be determined upon such objections, in the same manner as any other regular appeal.

XVI. Upon the hearing of any appeal, the Court shall give judgment according to the justice of the case, without regard to any technical error or defect which does not affect the merits.

XVII. This Act extends only to the Presidency of Fort William in Bengal.

Ordered, That the Draft now read be reconsidered at the first Meeting of the Legislative Council of India, after the 10th day of July next.

*Fort William, Home Department, Legislative,  
The 10th June, 1853.*

The following Draft of a proposed Act was read in Council for the first time on the 10th of June 1853:

Act — of 1853.

*An Act for amending the law of special appeals.*

I. Act No. III. of 1843, is hereby repealed, except as to cases in which a petition for appeal shall have been presented before the time fixed for the commencement of this Act.

II. If any application for a special appeal shall have been presented before the time fixed for the commencement of this Act, and no order shall have been passed thereon before the time so fixed, such application shall be heard and determined in the same manner as an appeal presented under this Act; and all the provisions of this Act shall extend to such application and to the hearing thereof, and to all subsequent proceedings thereon; and also to the hearing and determination of the appeal if the same shall be admitted.

III. If any such application shall have been presented, and the appeal admitted before the time so fixed as above-mentioned, the appeal shall be heard and determined according to the provisions of the said Act No. III. of 1843, except only that the Court of Sudder Dewanny Adawlut, or the Court of Sudder Adawlut, as the case may be, shall determine the appeal without reference to the points certified, and may call for or refer to any part of the proceedings which may be necessary.

IV. A special appeal shall lie to the Courts of Sudder Dewanny Adawlut at Calcutta, Agra and Bombay, respectively, and to the Court of Sudder Adawlut at Madras, from any decision passed on regular appeal in any of the Civil Courts subordinate to the said Sudder Courts respectively, on any of the following grounds, namely:

1st. On the ground that the decision hath failed to determine all matters in difference in the cause, or hath determined the same or any of them contrary to law or usage having the force of law.

2nd. On the ground of a misconstruction of any document.

3rd. On the ground of any ambiguity in the decision in a matter important to a determination of the matters in difference in the cause, upon the merits.

4th. On the ground of any substantial error or defect in procedure, or in the investigation of the case, provided such error or defect be apparent on the record, and shall have produced, or be likely to have produced any error or defect in the decision of the case upon the merits. Provided always that no such special appeal shall lie, nor shall any such decision be reversed, altered, or remanded by any of the said Sudder Courts, upon the ground that the decision of any question of fact is contrary to or not warranted by the evidence in the cause, or any probability deduced from the record.

V. A special appeal shall not be admitted unless a petition be presented to the proper Sudder Court within three months from the date of the decision appealed against, or unless the petitioner can show just and reasonable cause to the satisfaction of the said Sudder Court, for not having presented it within such limited period, and every such petition shall be accompanied by copies of the several decrees previously passed in the case.

VI. Every petition for a special appeal shall set forth concisely and under distinct heads the particular grounds on which the application is made.

VII. The said Sudder Courts shall cause lists of the petitions, which shall be presented for the admission of special appeals to be prepared weekly, and to be affixed in the Court houses of the said Sudder Courts respectively. The said lists shall set forth the dates on which such petitions are likely to be brought on for hearing, and the said Sudder Courts shall cause extracts from the said lists to be transmitted to the Courts in which the decisions on regular appeal were passed; such extracts shall be affixed in some conspicuous place in the last mentioned Courts, and extracts therefrom shall be transmitted by such Courts to the Courts in which the original suits were instituted, and such last mentioned extracts shall be affixed in some conspicuous place in the said last mentioned Courts. The time to be fixed by the Sudder Court for the hearing of any petition shall not be less than six weeks from the date of despatch of the extracts referring to the same from the Sudder Court.

VIII. It shall be lawful for the said Sudder Courts, or any one or more of the Judges thereof, respectively, to hear applications for special appeals, duly presented as aforesaid, in the presence of the special appellant, or his vakeel, and also of the respondent or his vakeel, or such of them as shall attend, and it shall be competent for the said Court, or for such Judge or Judges thereof, to call for and peruse any document forming a part of the record of the cause; or to order the amendment of the petition of special appeal forthwith, or within such time as they or he may order, not exceeding one month from the date of such order; or to make an order of reference to the Court which pronounced the decree appealed from for further information or explanation; or to reject or admit such special appeal; or if it shall appear that the facts have not been sufficiently recorded, or that the case is otherwise so insufficient that the Sudder Court could not, if the appeal were admitted, pass a final decree thereon, to issue an injunction, setting

forth the errors, irregularity, or other defects in the decision appealed against, and remanding the same to the Court by which the same shall have been passed, in order that such decision may be reviewed by the last mentioned Court and such order or decree passed thereon as may be conformable to law. Provided always that no such remand shall be ordered as aforesaid, except upon grounds whereon a special appeal will lie under this Act. If any such application shall be heard by only two Judges, and they differ in opinion as to admitting the appeal, it shall be admitted.

IX. When any petition for a special appeal shall be rejected as aforesaid, the order shall state the reason for disallowing each of the grounds set forth in such petition, and every such order of rejection may be once reviewed by the same Judge or Judges of the said Sudder Courts, respectively, or by any Judge or Judges sitting for or instead of him or them, if they or he shall think fit to review the same. Provided that no such review shall be allowed unless application for the same be made within three months from the date of such order.

X. When any special appeal shall be admitted, the same shall be heard and determined by the said Sudder Courts, or any three or more of the Judges thereof, and such hearing and determination shall be upon all the grounds whereon a special appeal will lie under this Act.

XI. The existing Laws and Regulations of the Presidencies of Bengal, Madras and Bombay, relating to special appeals shall continue in force, so far as they are not inconsistent with, or repealed by, this Act.

XII. This Act shall commence and take effect from and after the day of 1853.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India, after the 10th day of September next.

*Fort William, Home Department, Legislative,  
The 10th June, 1853.*

The following Extract from the Proceedings of the Governor General of India in Council, in the Legislative Branch of His Home Department, under date the 10th June, 1853, is published for general information.

Read a second time the Draft of a proposed Act, dated the 5th November, 1852, and published in the *Calcutta Gazette* of the 10th November 1852, for the amendment of Procedure in cases of appeal to the Sudder Courts in the Presidency of Fort William in Bengal.

*Resolution.*—The Governor General in Council resolves that the following revised Draft on the subject be published for general information:

Act No. — of 1853.

*An Act for the amendment of Procedure in cases of appeal to the Sudder Courts in the Presidency of Fort William in Bengal.*

WHEREAS it is desirable to simplify and shorten the procedure and modes of pleading in regular appeals to the Courts of Sudder Dewanny Adawlat in the said Presidency; It is enacted as follows:

I. Act IV. 1850, and Sections II, III, and IV, Act XXX. 1850, are hereby repealed, except as to appeals presented before the passing of this Act.

II. Every petition of regular appeal in a case appealable to the Sudder Court shall be presented to the Court in which the decision was passed within six weeks from the day of the decision; unless the Sudder Court shall, upon sufficient cause shown, extend the time for presenting such appeal. Such petition of appeal shall contain only notice that the party, being dissatisfied with the judgment, is desirous of appealing from it, except in cases of petitions under Section XIII. of this Act.

III. On presentation of a petition of regular appeal to the Court, in which the decision was passed, notice thereof to the respondent as well as a proclamation to the same effect, shall immedi-

ately issue from that Court. If the notice cannot be personally served, the proclamation shall at once be fixed upon the door of the respondent's dwelling-house, or in some conspicuous place in the village where he usually resides; or in cases in which the respondent may not have a fixed residence within the jurisdiction of the Company's Courts, the proclamation may be fixed upon the door of his house of business or catcherry, or the notice may be served on his known local Agent. In case the proclamation cannot be fixed or served in the manner abovementioned, it shall be affixed in the Court House of the said last mentioned Court, and also in such other place, if any, as the said last mentioned Court shall direct. The nazir shall remove the order of notice or proclamation with an endorsement, stating at what times and places it may have been served or fixed up. The return of the nazir is to be filed in Court, and to form a part of the record of the trial.

IV. The Rule in Section XI. Regulation VI. 1793, which directs copies of all original papers transmitted to the Sudder Dewanny Adawlat with the record of an appealed case to be made out and deposited in the Court in lieu of the originals, is hereby modified, and it shall be necessary to copy only the exhibits and any papers of importance which either of the parties may specify, including the pleadings, or any parts of them which may be desired by either of the parties.

V. The appeal record shall be certified to the Sudder Dewanny Adawlat as soon as conveniently may be after the presentation of the petition of appeal.

VI. On arrival of the appeal record at the Sudder Court, notice shall be affixed in the Court-house of the Sudder Dewanny Adawlat, or given in such form and manner as that Court shall order by a Rule to be framed under Section 44. Act XVII. 1841, requiring the appellant, to file, within four weeks from the date thereof his grounds of objection to the decision of the Court below. Within the said space of four weeks the appellant shall file in the Court of Sudder Dewanny Adawlat his grounds of objection to the decision. Such grounds of objection shall be stated distinctly and concisely without any argument or ornament of words; they shall be numbered consecutively, and shall be on paper bearing the stamp duty prescribed by

Article 9, Schedule B, Regulation X, 1828. On failure to file the grounds of objection within the said space of four weeks, the appeal shall be dismissed, unless the appellant shall show reasonable cause to the satisfaction of the Court for his default, in which case the Court may allow him to file his grounds of objection within such further time as the Court may order. A separate paper, containing detailed reasons in support of the grounds of objection may, at the option of the appellant, be filed on plain paper within the said period of four weeks, or such further time if any as may be allowed by the Court for filing the grounds of objection.

VII. On the filing of the grounds of objection by the appellant, notice shall be given to the respondent, in the manner prescribed by the preceding Section of this Act, requiring him to file his grounds of objection, if any, to the decision within four weeks from the date of such notice, and any grounds of objection to the decision whether involved in the appeal or not, may be filed by the respondent within the said space of four weeks, or within such further time as the Sadder Court may allow for that purpose upon reasonable cause shown to the satisfaction of the Court for such extension of time.

VIII. At the expiration of such last mentioned space of four weeks, or of such extended time as may be allowed by the Court as last aforesaid, the record shall be considered complete, and the case ready for hearing. The grounds of objection, if any, which shall be filed by the respondent, shall be stated distinctly and concisely, without any argument or narrative of facts; they shall be numbered consecutively, and shall be on paper, bearing the stamp duty prescribed by Article 2, Schedule B, Regulation X, 1828.

IX. If any of the grounds of objection filed by the respondent shall not be involved in the appeal on the grounds filed by the appellant, but would be the ground of a separate petition of appeal by the respondent, such grounds of objection shall be on paper, bearing in addition to the stamp above-mentioned, the stamp which would have been required on a separate petition of appeal filed by the respondent, unless the respondent shall have presented a separate petition of appeal in the case; Provided also, if the petition of appeal be referred back for further investigation and decision, without a judgment on the merits of the case, the last mentioned stamp duty paid by the respondent shall be returned to him in the same manner as if such stamp duty had been paid on a separate petition of appeal.

X. A separate paper, containing detailed reasons in support of the grounds of appeal and by the respondent, or in answer to the detailed reasons, if any, filed by the appellant, may at the option of the respondent be filed on plain paper within the period of four weeks allowed for filing the respondent's objections, or within such further time as may be allowed by the Court for filing such objections.

XI. Either party may, by leave of the Sadder Court or any Judge thereof at any time before the hearing, amend his grounds of appeal, or add grounds of appeal to those filed, upon such terms and conditions, and within such time as the said Court or Judge may order. The said Court may

also, upon the hearing of any appeal, allow either party to amend his grounds of objection, or to add further grounds, or to urge and be heard by himself or his valuer, in support of any objection to the decision not included in his grounds of objection upon such terms and conditions as to postponement of the case, and as to the payment of costs, or otherwise, as the Court may think just, to prevent the opposite party or his valuer from being taken by surprise or otherwise. Without such leave of the Court neither party shall be allowed to urge or be heard in support of any objection not included in his grounds of objection filed. But the Court shall not be confined to such grounds of objection on deciding the cause.

XII. If the grounds of objection filed by the appellant and respondent shall be upon points of law only, and shall not raise any question of fact, the Sadder Court, upon application on behalf of either party, may fix a day for the hearing and decision of the appeal, without regard to the place in which it may stand in the general list of appeals pending in the Court.

XIII. Appeals by paper shall be prepared in all respects as heretofore, except that the distinct grounds of objection to the decision of the Court below, shall be stated in the manner above-mentioned, and written on plain paper, and presented within four weeks from the date of permission to appeal as a paper. If detailed reasons for preferring the appeal be also presented, they shall be presented within the same four weeks.

XIV. If an appeal be preferred upon points of law only, without disputing any of the facts found by the judgment of the Lower Court, the appellant may give notice of his intention to appeal upon points of law only, without stating the points in his petition, and such notice shall bar him from any appeal upon the facts. If the appellant, in an appeal under this Section, shall intend to appeal against the construction put upon any document in the Court below, he shall give notice of such intention, in his petition of appeal, in order that the document may be forwarded to the Sadder Dewanny Adawlat, and unless such notice be given the appellant shall not be at liberty to controvert the legal construction put upon such document in the Court below. The petition of appeal, however, shall merely give notice of the intention, but need not specify the objections to the construction put upon the document. An appeal under this Section shall be specially certified to the Sadder Dewanny Adawlat as an appeal of law only. In such appeal, it shall not be necessary to forward to the Sadder Dewanny Adawlat any part of the record in the Lower Court, except the decree of the Court and the order of return to the order for notice or proclamation of appeal, and any document of which the appellant relies, in his petition of appeal, give notice of his intention to dispute the legal construction as above-mentioned. In cases under this Section the respondent shall be bound to make appearance in the Sadder Dewanny Adawlat within six weeks from the service of notice, or the affixing of the proclamation of appeal in the manner provided by Section 112 of this Act. At the expiration of the said space of six weeks, the Sadder Dewanny Adawlat shall, each day as it may deem proper for the hearing and decision of the appeal and objections of law to be laid before it, without regard to the place in which it may stand in the general list of appeals pending

in the Court, and the Court shall also fix a day for the parties to bring in and file their grounds of objection.

XV. If upon an appeal preferred upon points of law only, the respondent shall file grounds of objection raising any question of fact, the Court may hear the appeal upon the questions of law, in the first instance, in the manner pointed out in the last preceding Section, and if their decision of the case upon the points of law, shall render it necessary to determine the objections on matters of fact, they shall send for the remainder of the record, and the case shall be set down for hearing in the list of regular appeals for decision upon objections on matters of fact, and shall be determined upon such objections, in the same manner as any other regular appeal.\*

XVI. Upon the hearing of any appeal, the Court shall give judgment according to the justice of the case, without regard to any technical error or defect which does not affect the merits.

XVII. This Act extends only to the Presidency of Port William in Bengal.

Ordered, that the Draft now read be reconsidered at the first Meeting of the Legislative Council of India, after the 10th day of July next.

J. P. CRANT,  
Secy. to the Govt. of India.

Port William, Home Department, Legislative,  
The 10th June, 1853.

The following Draft of a proposed Act was read in Council for the first time on the 10th of June 1853:

#### Act — of 1853.

*an Act for amending the law of special appeals.*

I. Act No. III. of 1843, is hereby repealed, except as to cases in which a petition for appeal shall have been presented before the time fixed for the commencement of this Act.

II. If any application for a special appeal shall have been presented before the time fixed for the commencement of this Act, and no order shall have been passed thereon before the time so fixed, such application shall be heard and determined in the same manner as an appeal presented under this Act; and all the provisions of this Act shall extend to such application and to the hearing thereof, and to all subsequent proceedings thereon; and also to the hearing and determination of the appeal if the same shall be admitted.

III. If any such application shall have been presented, and the appeal admitted before the time so fixed as above-mentioned, the appeal shall be heard and determined according to the provisions of the said Act No. III. of 1843, except only that the Court of Sudder Dewanny Adawlut, or the Court of Sudder Adawlut, as the case may be, shall determine the appeal without reference to the points certified, and may call for or refer to any part of the proceedings which may be necessary.

IV. A special appeal shall lie to the Courts of Sudder Dewanny Adawlut at Calcutta, Agra and Bombay, respectively, and to the Court of Sudder Adawlut at Madras, from any decision passed on regular appeal in any of the Civil Courts subordinate to the said Sudder Courts

respectively, on any of the following grounds namely:

1st. On the ground that the decision hath failed to determine all matters in difference in the case, or hath determined the same or any of them contrary to law or usage having the force of law.

2nd. On the ground of a misconstruction of any document.

3rd. On the ground of any ambiguity in the decision in a matter important to a determination of the matters in difference in the case, upon the merits.

4th. On the ground of any substantial error or defect in procedure, or in the investigation of the case, provided such error or defect be apparent on the record, and shall have produced, or be likely to have produced any error or defect in the decision of the case upon the merits. Provided always that no such special appeal shall lie, nor shall any such decision be reversed, altered, or remanded by any of the said Sudder Courts, upon the ground that the decision of any question of fact is contrary to or not warranted by the evidence in the cause, or any probability deduced from the record.

V. A special appeal shall not be admitted unless a petition be presented to the proper Sudder Court within three months from the date of the decision appealed against, or unless the petitioner can show just and reasonable cause to the satisfaction of the said Sudder Court, for not having presented it within such limited period, and every such petition shall be accompanied by copies of the several decrees previously passed in the case.

VI. Every petition for a special appeal shall set forth concisely and under distinct heads the particular grounds on which the application is made.

VII. The said Sudder Courts shall cause lists of the petitions, which shall be presented for the admission of special appeals to be prepared weekly, and to be affixed in the Court houses of the said Sudder Courts respectively. The said lists shall set forth the dates on which such petitions are likely to be brought on for hearing, and the said Sudder Courts shall cause extracts from the said lists to be transmitted to the Courts in which the decisions on regular appeal were passed; such extracts shall be affixed in some conspicuous place in the last mentioned Courts, and extracts therefrom shall be transmitted by such Courts to the Courts in which the original suits were instituted, and such last mentioned extracts shall be affixed in some conspicuous place in the said last mentioned Courts. The time to be fixed by the Sudder Court for the hearing of any petition shall not be less than six weeks from the date of despatch of the extracts referring to the same from the Sudder Court.

VIII. It shall be lawful for the said Sudder Courts, or any one or more of the Judges thereof, respectively, to hear applications for special appeals, duly presented as aforesaid, in the presence of the special appellants, or his wakil, and also of the respondent or his wakil, or both or them as shall attend; and it shall be

competent for the said Court, or for such Judge or Judges thereof, to call for and peruse any document forming a part of the record of the cause; or to order the amendment of the petition of special appeal forthwith, or within such time as they or he may order, not exceeding one month from the date of such order; or to make an order of reference to the Court which pronounced the decree appealed from for further information or explanation; or to reject or admit such special appeal; or if it shall appear that the facts have not been sufficiently recorded, or that the case is otherwise so insufficient that the Sudder Court could not, if the appeal were admitted, pass a final decree thereon, to issue an injunction, setting forth the errors, irregularity, or other defects in the decision appealed against, and remanding the same to the Court by which the same shall have been passed, in order that such decision may be reviewed by the last mentioned Court and such order or decree passed thereon as may be conformable to law. Provided always that no such remand shall be ordered as aforesaid, except upon grounds whereon a special appeal will lie under this Act. If any such application shall be heard by only two Judges, and they differ in opinion as to admitting the appeal, it shall be admitted.

IX. When any petition for a special appeal shall be rejected as aforesaid, the order shall state the reason for disallowing each of the grounds set forth in such petition, and every such order of rejection may be once reviewed by the same Judge or Judges of the said Sudder Court, respectively, or by any Judge or Judges sitting for or instead of him or them, if they or he shall think fit to review the same. Provided that no such review shall be allowed unless application for the same be made within three months from the date of such order.

X. When any special appeal shall be admitted, the same shall be heard and determined by the said Sudder Courts, or any three or more of the Judges thereof, and such hearing and determination shall be upon all the grounds whereon a special appeal will lie under this Act.

XI. The existing Laws and Regulations of the Presidencies of Bengal, Madras and Bombay, relating to special appeals shall continue in force, so far as they are not inconsistent with, or repealed by, this Act.

XII. This Act shall commence and take effect from and after the day of 1853.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India, after the 10th day of September next.

OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL.

"We consider it desirable to acquaint you for public notification, that Her Majesty's Govern-

ment will, as every facility for the payment through the Commissariat in South Australia, or any other of Her Majesty's Colonies, of pensions of retired officers and soldiers of the East India Company's Service who reside there.

2. You will therefore furnish to all parties, who may desire on retirement from the service to proceed to any of Her Majesty's Colonies for the purpose of residence there, Certificate of last payment in India, and you will make the necessary communication upon the subject to the Government of the Colony to which the pensioner may proceed, in order that no obstacle may occur to his receiving his pension there as it falls due.

3. You will also forward to us periodically a return of the parties who may have proceeded to the Colonies, with the amount of their respective pensions for comparison with the claims on Her Majesty's Governments for reimbursement of the payment made by the Commissariat abroad on the above account.

4. We forward in the packet copy of a letter from Her Majesty's Treasury, with its enclosures, Dated 15th March 1853, { on the subject of this communication.

SIR,—I am directed by the Duke of Newcastle, to transmit to you, for the consideration of the Lords Commissioners of the Treasury, a copy of a despatch, which has been received from the Lieutenant Governor of South Australia, recommending that arrangements should be made for enabling pensioners of the East India Company, who reside in that Colony, to receive their allowances through the Commissariat in the same way as pensioners of Chelsea Hospital.

To THE RIGHT HON. BLE. SIR JOHN PAKINGTON.

Gen. Sec. Secy.

Military. Sir.—I have the honor to suggest that the Lords of the Treasury be moved to instruct the Commissariat Officer at the station periodically to pay to retired officers and soldiers of the East India Company's Service settled in South Australia any pensions to which they may be entitled, as they fall due, according to the existing practice in respect of pensions to soldiers in the Queen's Service.

On a recent occasion, the Officer commanding the small detachment in South Australia, which constitutes the military garrison in Adelaide, was authorized, on my application, to direct the Commissariat Officer to pay a pensioner of the East India Company's Service resident in the Colony. In the event of this suggestion being adopted by the Lords of the Treasury, it will be desirable that communication should be had with the authorities in India respecting the forms or certificates under which the pension is to be advanced on account of the Indian Service by the Commissariat here, and repaid to the Treasury in London.

Australia and India are so certain to be brought into increased intercourse with each other, that I am induced to recommend the removal of all difficulties in the emigration and settlement of meritorious retired soldiers desirous of becoming Colonists in Australia.

I have, &amp;c.,

No. 521 of 1853.—It having been brought to the notice of Government, that the Commissariat Department is subjected to much inconvenience and difficulty in obtaining proper vouchers in support of expenditure necessarily incurred for the public service, in consequence of there being, in several cases, no defined rule as to the functionaries by whom particular vouchers are to be signed or furnished, the Most Noble the Governor General of India in Council is pleased to lay down the following rules applicable to some of these cases, to which the attention of Officers and Departments concerned will be directed in such manner as His Excellency the Commander-in-Chief may think proper:

I. It being in some instances necessary for a Commissariat Officer to engage at the station carriages difficult to procure, before it is actually required, in order that the opportunity of providing it may not be lost; it is in future to be distinctly understood that in all such cases, the carriages when engaged is to be at once made over to the Indenting Officer, who will be informed by the Commissariat Officer of the date of its engagement, and of the cause of its being thus early supplied; the Indenting Officer, in giving his acknowledgment for the carriage, is required to state whether or not he concurs in the Commissariat Officer's explanation of the necessity of engaging the carriage before hand; the Indenting Officer, on the date of hire of the carriage, with the Indenting Officer's approval of the measure, being in all practicable cases made on the instant. This

rule will not interfere with G. O. O. of 18th November, 1820, and 4th October, 1822, which apply exclusively to carriage obtained from a distance, or from the adjacent country.

II. When tent lascars are provided by the Commissariat Department for European Non-Commissioned Officers proceeding from one station to another, the Commissariat will be furnished at the proper time with a certificate, signed at large stations by the Brigade Major, and at out posts by the station Staff Officer, of the rates of entertainment and discharge of the men.

III. When the Commissariat is required to provide the authorized subsistence to prisoners, it will be furnished with a receipt for the advance made, on the party quitting the station, signed by the Quarter Master of the Corps from which the guard over the prisoner may be drawn, and for subsequent payments, after arrival at destination, by the Quarter Master of the Regiment to which the prisoner may be made over.

IV. With small Detachments of European Troops, when no Officer is in command, the muster certificates and review rolls of carriage employed for departmental purposes are to be signed by the Executive Commissariat Officer, and countersigned by the Brigade Major. The vouchers of the Medical Department are to be signed by the Officer of the Subordinate Medical Department, when one is present with the Detachment, and countersigned by the Superintending Surgeon of the Circle. The vouchers for all other purposes will be signed by the Brigade Major. The indent for the original engagement of establishments are to be signed by the Officer commanding the Corps from which the greatest number of men may be detached, and countersigned by the proper parties as prescribed by existing Regulations.

No. 522 of 1853.—Lieutenant Harris Willem, Hailes, of the 49th Regiment of Native Infantry, is permitted to proceed to Europe, on Furlough, for one year, without pay, on account of his private affairs.

No. 523 of 1853.—The leave of absence granted to Captain James Young of the Regiment of Artillery, to proceed to New South Wales, or Van Diemen's Land, on medical certificate, in General Order, No. 233, of the 11th April, 1851, is extended to the 14th June 1853, the date of his return to the Presidency.

No. 524 of 1853.—Lieutenant Oliver McCosland Spaul, of the 62nd Regiment Native Infantry, is appointed a Deputy Superintendent on the Ganges Canal, as a special case.

Fort William, the 25th June, 1853.

No. 525 of 1853.—Brigadier General S. W. Steel, C. B., Commanding the Madras Division of the Burmah Expeditionary Force, and Lieutenant E. A. B. Travers, 2nd Native Infantry, Aide-de-Camp to the Brigadier General, are to be returned as "absent on duty," from the 27th June, 1853, until the date of their arrival at Rangoon.
